Subtitling with Closed Captions

Etere: Streamline Your End-to-End Media Lifecycle

Etere solutions empower broadcast and media enterprises with seamless end-to-end media lifecycle management. Take the first step toward results-driven success—tailored to your unique needs. Connect with us today and discover how we can help you achieve your goals.

Comprehensive Closed & Open Captioning Solutions

Etere delivers an all-in-one solution for managing closed captions and subtitling—from live playout to production and post-production—maximizing the value of your investment. With a single license, you gain full format compatibility, including CEA 708, CEA 608, DVB, and ARIB closed captioning. Etere stands out as one of the most advanced closed captioning solutions available, featuring cutting-edge capabilities like web preview and Google Speech-to-Text for up to 120 languages and variants.

Designed for efficiency, Etere enables swift closed caption insertion and editing before broadcast, ensuring accuracy and compliance. With Etere, you gain a powerful, all-inclusive software to prepare, manage, embed, verify, and deliver both closed and open captions effortlessly.
